"Where Education Serves a Higher Purpose"

Timmins Trinity Christian School was first incorporated as a non-profit organization in 1989. For over 20 years we have been offering parents a faith-based, Bible-believing education for their children. This year's motto is "Together, we are growing in God." Each year staff, children, parents, board and society members from several different churches join together to form a spiritual community in which the supreme goal is to glorify God and to have every subject, not merely the Bible classes, taught from a Christian worldview.

Our mission statement:

"We are committed to nurturing children to become Christ-centred individuals by giving them opportunities to aspire to their full potential in academics and in service to God and others."
